EDUCATION

Devang Patel Institute of Advance Technology and Research (DEPSTAR)

Sep 2021 – June 2025

Bachelor of Technology (B.Tech) in Information Technology (IT)

Anand, Gujarat

- CGPA: 8.6

EXPERIENCE

[Escrow Infotech](#)

May 2023 – June 2023

Android Developer Intern

Surat, Gujarat

- Collaborated with senior developers to create, enhance, and test Android applications.
- Designed and implemented engaging user interfaces, and contributed to Music Player Application .
- Gained practical experience in Kotlin within Android development.

MAJOR PROJECTS

1. Video Conferencing Tool

- Developed **Meet Up**, a real-time video conferencing application with an intuitive user interface using **ReactElastic UI**.
- Implemented efficient state management and real-time updates using **Redux Toolkit**, ensuring seamless user experience.
- Integrated **Firebase** for secure user authentication and facilitated seamless real-time communication.
- Leveraged the **ZEGOCLOUD API** for high-quality video and audio streaming, enhancing the overall virtual meeting experience.

2. AI based article summarizer tool

- Developed the **InfoSnap** web application, an article summarizer utilizing **Rapid API**, **React.js**, **Tailwind CSS**, and **Redux Toolkit**.
- Created an efficient summarization process, enabling users to input article links for quick content comprehension.
- Integrated the Rapid API seamlessly service for accurate content extraction, enhancing summarization quality.

SKILLS

- Tech Stack: Data Structures, Algorithms, React JS, Rest API, Android
- Languages: Java, C++, Javascript, HTML, CSS, Kotlin
- Tools: Git, GitHub, VS Code, Firebase
- Fundamentals: OOPs(Object Oriented Programming) concepts, Network Programming, Database Management System, Linux Commands
- Soft Skills: Problem-Solving, Collaboration, Creativity, Adaptability, Communication

Achievements

- Participated in CodePie 3.0
- Hacker Rank 5 star in Java
- Solved 100+ Questions on Codechef
- Participated in CodeArcade 1.0
